This tree will absorb approximately 1.5 tons of carbon from the atmosphere and bring new life to the environment. By planting this tree you have helped curb global warming.

KKL-JNF: Caring for the Land and Serving its People

For over 118 years, Keren Kayemeth Lelsrael-Jewish National Fund (KKL-JNF) has worked to reclaim, conserve, and develop the holy land of Israel.

KKL-JNF's fields of activity include:

- Planting forests throughout Israel, with over 240 million trees
- Developing sustainable communities
- Preparing land for agriculture
- Strengthening Israel's water economy, including 230 reservoirs throughout the country that provide recycled water for agriculture
- Rehabilitating rivers and their environs
- Creating accessible forest picnic and recreation sites
- Developing community parks in social and geographic peripheries
- Landscaping community facilities
- Combating desertification
- Supporting cutting-edge agricultural R&D in the periphery
- Promoting high-tech education and industry in the Negev and the Galilee
- Providing empowering, informal education for youth in Israel and abroad
- Sharing knowledge and know-how with other countries in the fields of forestry, water, and arid land management

Our activities for Israel's environment and improving quality of life would not be possible without the support of KKL-JNF friends worldwide. Your contribution will help make Israel greener and more beautiful for generations to come.
